## Welcome

Our entire staff welcomes your family to our program. We appreciate your consideration of our school for your child during these most important years of growth, development, and learning. Here at Country Day Montessori School we educate the whole child because "each child is constantly working towards the person they will become..." (*Maria Montessori*)

### *Goals and Philosophy*

Dr. Maria Montessori believed that every child delights in spontaneous activity directed toward intellectual discovery. The attitudes and confidence developed during these formative years will serve the child throughout their lifetime.

Students at Country Day Montessori School are honored as unique and respected as individuals. Values such as compassion, harmony, and justice develop naturally in this environment.

### *Commitment*

We understand that choosing a school can be a challenging and difficult decision. We know that we offer a great experience. At Country Day Montessori School we are focused on one person, "the child". Country Day Montessori has a commitment to sharing the responsibilities of parents in helping each child reach his or her potential in a safe, warm, and loving environment. We are confident that you and your family will find your time with our family and in our community to be an enjoyable and rewarding experience.
